**"The Grays Harbor Community Foundation connected me with my passions of helping youth and veterans in the community I grew up in and cherish. They allowed me to feel like I am still a part of my hometown of Hoquiam even after being gone for close to 60 years now."**

**"Our clients wanted to give back to the Harbor. Funding a scholarship with the Community Foundation was an efficient way for them to create a lasting legacy. Meeting at the award ceremony was a full circle meaningful moment for the student and donors."**

## Give Later

Leave a legacy gift to a charity or specific cause in your will through a beneficiary designation upon your death.

### Here's how the Community Foundation can help:

- Create an agreement that spells out the details of your donation including which causes you would like to support.
- Your fund is invested with all of our assets, so it will grow over time. Our average rate of return for the past three years is 8.9%
- Annual earnings from your fund provide grants to the charities or causes of your choice.

## Funds for Nonprofits

### Designated Funds:

Started by a donor for a specific nonprofit of their choice for whatever purpose the donor chooses.

### Agency Endowments:

Established by a nonprofit with its own money from savings or donations.

## Funds for Active Donors

Donors who start donor advised funds make grants to their favorite nonprofits, schools or parks. Our staff provides the administrative work, much like a private foundation.

## Funds for The Community

These funds allow us to meet changing community needs. Grants are reviewed by our grants committee. The Community Foundation staff provide oversight of these funds in perpetuity so the original intent of the donor always remains.

# Specialized Resources at Your Fingertips

# Q&A

My client says he or she wants to create a private foundation. Would a donor advised fund be better?

We can help you and your client understand the pros and cons of private foundations, donor advised funds, and other charitable options so they can make an informed decision that helps them meet charitable and financial goals.

Is there a way to transfer an IRA required minimum distribution (RMD) to charity to reduce my client's taxes?

Donating to an IRA RMD to a qualified charity like the Community Foundation can help clients age 70 1/2 or older avoid additional tax, not only by keeping them in a lower tax bracket, but also because reducing income can lead to increased deductions that may have been phased out otherwise. It can also lead to lower tax rates for social security income and/or capital gains.

My client wants to make a gift using appreciated stock or real estate, but their favorite charity can only accept gifts of cash. Can the Community Foundation help?

Yes. Your client can set up a fund with the Community Foundation with stock or another non-cash asset like real estate. They can then make cash grants from their fund to the charity of their choice.

I have nonprofit clients. Do you offer services I might be able to share?

We offer a variety of free workshops and fund management services for local nonprofits.
